Ambulance RFP Approval – Jack Berg

Ambulance Board Member Jack Berg entered the chambers at 11:00 a.m.

Berg reported that the Ambulance Board members reviewed and discussed the exceptions in the three RFPs received for the new ambulance. The board recommends that the County accept the proposal from Professional Sale and Service, as it was the lowest bid with the fewest exceptions. Berg mentioned he spoke with the vendor about installing a power load system at the factory. Professional Sales and Service confirmed they could install the system for an additional cost. Berg emphasized that this should be considered when the ambulance nears completion. He also noted that outfitting the ambulance will incur additional expenses, and the board plans to apply for grants to help offset these costs. Additionally, Berg highlighted the importance of equipping the ambulance fleet with Entitle Co2 devices, which provides a more accurate oxygen reading for patients.
